CENTER SQUARE

Finding Sustainability at the Center of Reliability and Efficiency

We work to provide reliable, efficient data center services while minimizing our environmental impact through sustainable technologies and practices.

Sustainability Pillars

Environmental

Our environmental initiatives focus on green energy, emissions reduction, energy efficiency, water conservation, e-waste recycling and management, and green building practices

Our emissions and energy targets include:

- 100% carbon-free energy by 2030
- 50% reduction in scope 1 and 2 emissions by 2033, in partnership with the U.S. Department of Energy Better Climate Challenge
- 100% renewable energy and net zero emissions by 2040, a decade ahead of the Paris Climate Agreement

Social

Initiatives focus on safety, employee engagement, and inclusion and belonging

Our social and governance goals focus on:

- Safety of our employees within the data center
- Data privacy
- Operational uptime

Governance

Targets focus on data privacy, operational uptime, and ethical business conduct

We track and monitor key metrics important to our business including:

- Power Usage Effectiveness (PUE)
- Water Usage Effectiveness (WUE)
- E-waste recycling and management
- Green building practices
- Employee engagement
- Inclusion and belonging
- Ethical business conduct

Partnerships

Better Climate CHALLENGE U.S. DEPARTMENT OF ENERGY PARTNER

ENERGY STAR PARTNER

The iMasons Climate Accord™

ImpACTful, ACTionable strategy and goals

ACT is our sustainability and environmental, social and governance (ESG) mantra. Everything we do will be ambitious, calculable, and transparent to align with impactful, actionable plans.

The Centersquare Advantage

Unwavering Reliability
Unmatched Flexibility
