

Providing the footprint you need to grow

Space and power you need today, and in the future.

CENTER SQUARE

At Centersquare, we understand that in today's fast-paced digital world, having a reliable and scalable data center partner is crucial for your business operations. That's why we provide the scale you need for unlimited growth with innovative data center solutions tailored to meet both your immediate requirements and long-term growth strategies.

Ample space for today and tomorrow

Our facilities are designed with flexibility and expansion in mind. Whether you're a startup or a well-established enterprise, our footprint includes over 55 data centers in critical markets and our scalable solutions ensure you won't outgrow your data center. With our vast and flexible design options, you can seamlessly expand your operations without the need for disruptive relocations.

Power to drive your success

Reliable power is the lifeblood of any data center. We deliver a robust and redundant power supply to keep your operations running smoothly. Our state-of-the-art power infrastructure includes multiple backup systems to ensure continuous uptime, even in the face of unforeseen power interruptions. This commitment to reliability means you can trust us to keep your critical applications and data accessible.

Massive scale and network connectivity

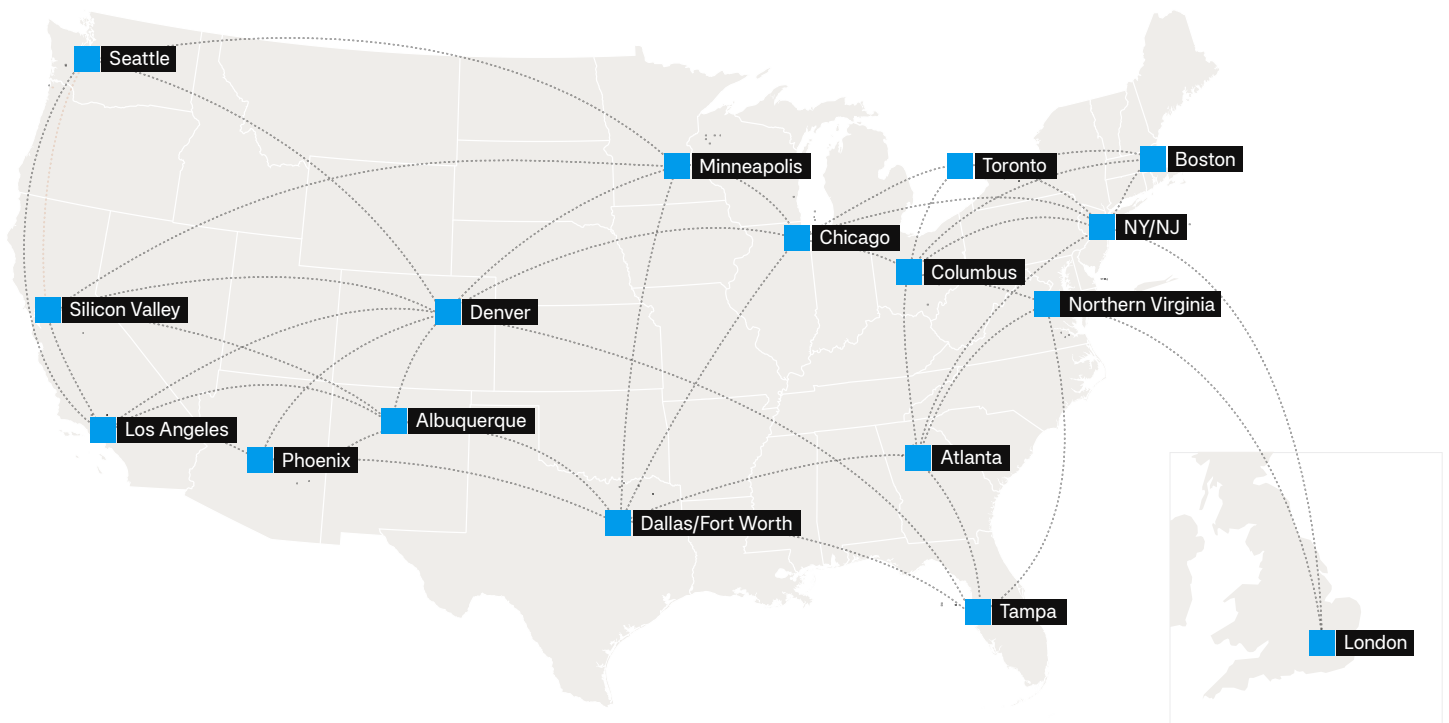

In an era where connectivity is key, our customers lean on our extensive network capabilities. Our data centers are strategically located and equipped with high-speed connectivity options to ensure optimal performance and minimal latency. Scale and fuel your digital business with physical and virtual connectivity options within our vast ecosystem or enable your hybrid IT strategy with Centersquare powered network solutions.

Commitment to sustainability

We are committed to sustainability and energy efficiency. Our data centers incorporate advanced cooling systems and energy-efficient technologies to minimize our environmental impact. By choosing Centersquare, you're not only investing in a powerful and scalable data center provider but also contributing to a greener future.

Customer-centric approach

We pride ourselves on our customer-centric approach and work closely with our customers to understand how we can be the best partner and provider. Our dedicated and tenured data center operations teams are always on-site to offer critical assistance in addition to 24x7 Remote Hands support. Our dedicated account support teams uphold our brand promise that you can count on us no matter what, we're ready for whatever your future holds, and we'll take care of and anticipate your needs.

Over two thousand customers trust us to provide scalable, reliable, and sustainable data center solutions. We offer the space and power you need today, with the infrastructure to support your growth tomorrow.
