

Cloud Connect and Metro-to-Metro Connect

Accelerate your business with diverse connections to major cloud on-ramps and between Centersquare data centers.

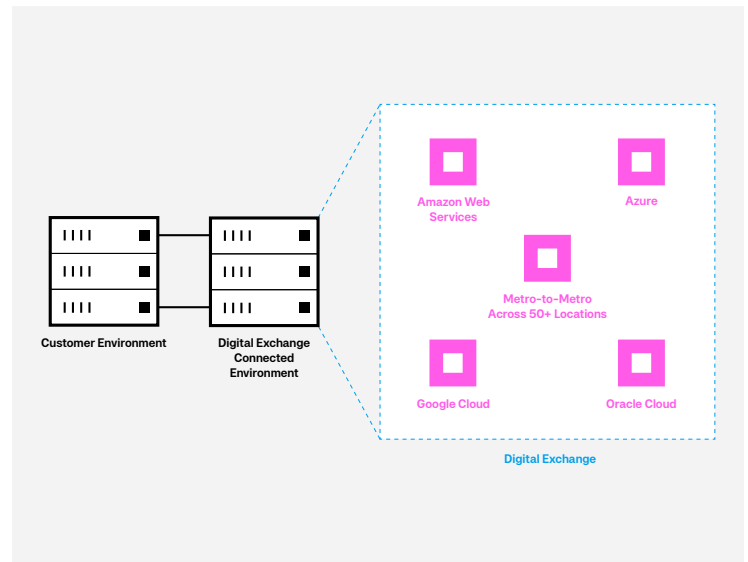

Instantly provision connectivity to leading cloud providers such as Amazon Web Services, Azure, Oracle Cloud, and Google Cloud, and seamlessly connect your Centersquare colocation deployments housed in different locations.

How It Works

Powered by the Centersquare Digital Exchange™, Cloud Connect and Metro-to-Metro Connect allow customers to immediately provision fault-tolerant cloud and point-to-point connections on-demand as needed via the Centersquare Portal.

Easy Installation Steps

1. Connect your colocation environment to the Centersquare Digital Exchange via the Exchange Port service. The Exchange Port provides two single-mode fiber cross connects to diverse Centersquare Digital Exchange hardware for full redundancy.
2. To order Cloud Connect or Metro-to-Metro Connect via the Centersquare Portal: Select the applicable bandwidth speed and data center location or cloud provider you wish to connect to. (You may need to input your access key information depending on the cloud provider chosen.)
3. Once you submit the order(s), the service is provisioned instantly! You can manage your service(s) at any time within the Centersquare Portal.

Cloud Connect Benefits

- High-speed connectivity up to 10Gbps
- Path diversity enabling high availability
- Access to major cloud on-ramps

Metro-to-Metro Connect Benefits

- High-speed connectivity up to 10Gbps
- Connect disaster recovery and edge environments in different Centersquare-served metro regions with fully diverse routes

The Centersquare Advantage

Unwavering Reliability
Unmatched Flexibility
Superior Customer Care
